

SUPERINTENDENT SPOTLIGHT

1ST QUARTER 2026-2027

WELCOME!

What a wonderful start to the 2026-2027 school year! Walking through our buildings and visiting classrooms, I am continuing to be inspired by the dedication of our staff and the commitment to our students. From high-quality instruction to meet the individual needs of every learner to hands-on field trips, athletic competitions, band performances, and thriving Career and Technical Education (CTE) programs, extraordinary learning and growth are taking place across our district every single day.

Most recently, our school community came together to celebrate Homecoming, and the display of Wildcat Pride was truly incredible. Thank you to everyone who joined in the festivities and supported our school community. Thank you for your continued support, partnership, and Wildcat Pride. Together, we are making this a fantastic school year!

NEW THIS YEAR: FLEXIBLE PARENT-TEACHER COMMUNICATION

In an effort to improve our district's parent-teacher communication, we are shifting away from the traditional fall and winter parent-teacher conference windows. We recognize that meaningful communication should happen in real time, not just twice a year. Although the traditional scheduled conferences are not scheduled, you are welcome to request face-to-face or phone conferences whenever the need arises throughout the entire school year. Stay connected with TRCS by downloading the TRCS App, visiting our district website and social media, and monitoring your child's progress through PowerSchool.

If you have not already done so, please be sure to download and sign up for the TRCS App. Step-by-step registration information can be found directly on the [district website](#).

Educate ~ Motivate ~ Inspire

TRCS STRATEGIC PLAN PRIORITIES

Our commitment to continuous improvement remains strong. I encourage all families and community members to review our full Strategic Plan at www.trschools.org to learn more about our long-term vision, goals, and ongoing district initiatives.

- **Wellness & Safety:** Foster safe, supportive, and inclusive learning environments where all stakeholders feel connected, valued, and empowered to thrive.
- **Academic Excellence & Future Readiness:** Ensure every student experiences rigorous, engaging, and differentiated learning that prepares them for success in college, careers, and life.
- **Exceptional Team:** Recruit, develop, support, and retain effective educators and staff who inspire student success.
- **Community Partnership:** Build strong relationships with families, students, staff, and community partners through engagement and shared responsibility.
- **Innovative Learning Environments:** Maximize teaching effectiveness and student achievement by leveraging state-of-the-art technology, high-quality learning environments, and supportive physical spaces that enhance learning, improve operational efficiency, and promote long-term fiscal sustainability.

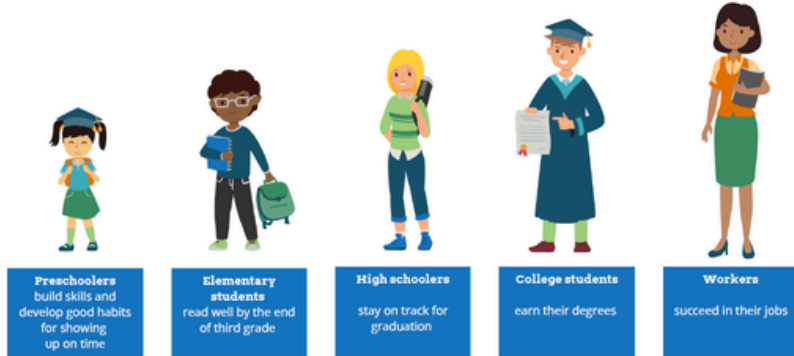

ATTENDANCE MATTERS!

Strong attendance is one of the single most important factors in student success. When students attend school regularly, they build strong relationships with peers and teachers, stay engaged in their learning, and develop habits that set them up for lifelong achievement.

We appreciate your partnership in ensuring your children arrive at school on time and ready to learn every day.

Your Presence Matters!

Good school attendance means...

Too many absences—excused or unexcused—can keep students from succeeding in school and in life. How many are too many? 10% of the school year—that's 18 missed days or 2 days a month—can knock students off track.

BOND UPDATE

I am excited to share the ongoing progress of our bond projects! Thank you for your continued community support, which enables us to provide critical facilities upgrades for our students and staff. These improvements directly enhance our learning environments, safety, and infrastructure, and we look forward to keeping you updated as projects continue to move forward.

Middle School: The roofing replacement project and north corridor refurbishments, including fresh paint, updated lighting, and new ceiling installations, are officially finalized.

Administration Building: Facility updates and renovations remain actively ongoing.

High School: Renovations on the High School Media Center and the chiller replacement project are entering their final stages. Meanwhile, programming and design work are underway for the planned High School parking lot addition.

Elementary Schools: New classroom furniture upgrades are currently in the planning phase for classroom furniture replacement in Summer 2027.

Armstrong Field: Updates within the Concessions Building are well underway and progressing toward completion.
