As a community…

- We welcome a diverse range of perspectives and opinions and uphold the importance of civil debate.
- We fully support the free exchange of ideas and beliefs, as well as the expression of provocative or less popular ideas.
- We believe that only through the process of open and honest dialogue can we generate knowledge and deepen our mutual understanding.
- We believe that all members of the community have a responsibility to behave in a manner that does not harm others and shows respect for those with different opinions.
- Behavior that attacks, humiliates, belittles, or conveys personal hatred towards others diminishes our thriving and safe community environment.
- Words and actions matter.
- Everyone is asked to do their part in creating a healthy and positive community and a culture that truly values each person's uniqueness, experiences and perspectives.
