Three Rivers Community Schools

Three Rivers High School
700 Sixth Ave. Three Rivers, MI 49093

February 1, 2026

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2024-25 educational progress for Three Rivers High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about accountability, student assessment, and teacher quality. If you have any questions about the AER, please contact Carrie Balk, Principal, for assistance.

The AER is available for you to review electronically by visiting the following website: TRHS Annual Education Report - Data, or you may review a copy in the main office at your child's school.

For the 2025-26 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student group in 2024-25. An Additional Targeted Support (ATS) school is one that had at least one student group performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, failed to exit CSI status in 2024-25, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no status label is given.

Our school has not been given one of the labels.

State law requires that we also report additional information.

PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

When students enter the district, the location of the home or daycare provider is considered for placement. Whenever possible, students are placed in their neighborhood schools. Other factors that impact placement decisions include services offered at the school, such as special education, and average class sizes at the time. Requests are also taken into consideration.

THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

Multi-tiered Systems of Support, or MTSS, is a "data-driven, prevention-based framework for improving learning outcomes for all students through a layered continuum of evidence-based practices and systems" (MiBLSi, 2014b) Data is analyzed over time, and decisions regarding goals and strategies are selected, based on best practice research. Annually, we update our school improvement plan to clarify how we are progressing toward our goals, and adjustments are made to reflect needed changes. A copy of the current School Improvement Plan is available for review from the building office.

IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

Curriculum is driven by adopted standards according to MDE and can be found at Michigan Academic Standards. Our curriculum and approved programs are implemented daily by certified teachers at each grade level.

Parent Teacher Conferences

The expectation of this district is for all staff to participate collaboratively with parents to ensure that students are learning. All parents are invited to parent teacher conferences. However, specific parents and students are noted as "priority" and receive personal invitations to attend. The results of this process have proven effective.

Postsecondary Opportunities

Three Rivers High School offers many opportunities for students to earn college credit before graduation. These opportunities include in-person AP classes, online AP classes, Early Middle College enrollment, dual enrollment in college classes, and college credits/certifications earned through CTE classes. 107 Three Rivers High School students participated in 60 dual enrollment courses. 214 students were enrolled in CTE programs. 110 Three Rivers HS students were enrolled in one or more AP courses. 23 were enrolled in Early Middle College.

Our mission is to educate, motivate and inspire all students to reach their full potential to become successful adults, and to pursue their dreams.

Sincerely,

Carrie A. Balk
HS Principal
